### **IDAHO CONSTRUCTION COMMUNITY UNITES TO PROMOTE TRADES**

*Nearly 500 students anticipated to gain critical knowledge of skilled trades at H4 Idaho.*

POST FALLS, Idaho — Idaho's annual **Hard Hats, Hammers and Hot Dogs** is set for **Friday, April 12, 2024**, with local construction organizations and educational programs partnering to bring hands-on construction activities to Idaho high school students.

About 500 students are expected to attend the career exploration event, which is designed to give students exposure to skilled trades in the construction, manufacturing, and production industries. Students will be able to tour local campuses, operate heavy machinery and power tools, and learn about training programs and opportunities in our region. **Media members are also invited to attend – please contact [stalbot@nwagc.org](mailto:stalbot@nwagc.org).**

More information about H4 can be found at [Home - H4 Idaho](#). The event will be held from 8:00am - 3:00pm at Kootenai Technical Education Campus (KTEC), 6838 W. Lancaster Rd., Rathdrum, ID.
